Irene was a very active and much loved member of our Probus Club since it began in 1998. Irene was a foundation member and over the years she held many important committee positions: Secretary, Bulletin Editor, Vice President and she was our first female President in 2001/02. In recognition of her outstanding contribution to our Probus Club she was made a Life Member some years ago. We appreciated her openness in sharing her amazing life adventures and experiences with us in a series of short talks. In her presidential year, as she was going overseas and would miss our Christmas luncheon, she made a Christmas Message video which was played for us at the luncheon. I remember it was received with much laughter. Irene was indeed a dear friend of our Club members, and we were very sorry earlier this year, when ill health made her decide to resign from our Club. We will always remember her and we send loving thoughts in sympathy to her family and friends around the world,

Auntie Irene, we heard so much about "my elder sister" and finally met you on your visit to S.A. You were all that we had heard, very proud of your family, full of life, ready for a party, a fantastic story teller with many amazing experiences under your belt, as well as a great sense of humour! Organized comes to mind – ready to pickup sticks and go at the drop of a hat, not forgetting entertaining – so as you would say – "the show must go on" .. so long farewell until we meet again xx Condolences and love to all of our cousins.

The family additionally wishes to thank the special friends for the donations in Irene's name to her favorite charity, *Heart 2 Heart* in China.

Heart to Heart
SHANGHAI
上海心连心

Life Saving & Life Changing

Is a Shanghai-based charity composed entirely of volunteers who work to sponsor Chinese children for heart surgery to repair congenital heart defects. They also donate libraries to rural schools that are in need of books. They have a zero dollar operating budget, so 100% of donations go to the projects.

Mum's favorite Charity is a children's heart charity in China called "Heart 2 Heart" made entirely of volunteers, which does heart surgeries for terminally ill children from poorer villages — in addition, for every child they do a heart surgery for, they donate a school library to the poor rural village, and school supplies to the kids, so the parents of the heart surgery child get celebrated within their local community since the entire village benefits. Their board mandate is that 100% of all donations must be used 100% on the children and families. They have done over 900 surgeries too date. DJ Wizniak sits on the board. Mum became an advocate in 2009.
